

I strongly urge you to reconsider this issue.  
I listen only to K-Love on FM translator 88.7.  
This station serves my family in our community by allowing  
us to all listen to family-friendly broadcasts. I know  
what my children are listening to and don't have to worry  
about inappropriate ads or music. If you de-prioritize the  
FM translators, many families will lose the only completely appropriate radio  
station in our valley. I believe that  
youth violence and vandalism will dramatically increase  
if you take away the uplifting music and teaching that all  
these children are listening to. Many families are bonded  
in our community by the broadcasts on K-Love. We discuss  
the broadcasts and it unites us as a community. K-Love  
is the only radio station that I feel my kids (and others)  
can listen to without worrying that they are getting negative  
messages from the music. Keeping our families bonded and  
positive is such a huge contribution to the public. There is  
too much negative out there as it is. Please don't take away  
the one absolute positive we have in K-Love.  
Thank you!
